

## Discipline

Children will be taught the Bible. Scripture will be used in teaching children how they are supposed to behave and used when discipline is necessary.

1. The child's understanding of what they did wrong will be established.
2. An explanation, using scripture, will be given.
3. Time-out will be used for a first offense.
4. For second offense, child will be removed from activity and/or the object being played with by child will be taken away for the day.
5. On the third offense a note will be sent home to the parent explaining the child's discipline problem.
6. After re-direction the child will have the opportunity to make things right with classmate or teacher.
7. If child refuses to cooperate, the parent will be called to take the child out of school. The child may return when they are willing to make things right and abide by the rules.
8. Teacher may consult with Headmaster or Teacher Supervisor at any time for advice on a discipline issue.

I have read and understand the discipline policy and guidelines used at Grace Christian Preschool. I agree to support these guidelines.
